## Camping

A camping permit must be obtained upon arrival at the site from site personnel or Campground Host. Most sites with camping facilities allow group camping. Both group camping and family camping are limited to 14 nights in a 30-day period. Check-out time is 3 p.m.

Rent-A-Camp facilities are available at a limited number of sites. For a nominal fee, the participant has the use of a tent and camping gear already in place at the site.

Camp site reservations are accepted at some areas. These sites are identified in this brochure (see index).

The camping class indicated generally is the highest available. Most Class A campgrounds also have Class B or lower camping facilities. During winter some Class A campgrounds may be reduced to Class B status. During spring thawing, many roads and facilities are closed. Check with the site before your visit.

Campers should bring their own firewood. Information on facilities and programs may be obtained by contacting any DOC office.

## Campground Classifications and Fees

Class A sites – showers, electricity and vehicular access – \$7.00 plus \$2.00 utility fee/night

Class B/E sites – electricity and vehicular access – \$6.00 plus \$2.00 utility fee/night

Class B/S sites – showers and vehicular access – \$6.00/night

Class C sites – vehicular access – \$4.00/night

Class D sites – tent camping or primitive sites (walk-in or backpack) with no vehicular access – \$3.00/night

Class E sites – youth groups only – \$.75/person with minimum daily fee of \$7.50
